

## ***Brouwer Brothers is an Essential Business***

We will remain open and continue to do our work with our core values at the heart of all we do; having a desire to serve, being open and honest, doing what we say, and taking pride in our work. We have put a temporary hold on all our non-emergency services like carpet cleaning, air duct cleaning, garbage chute cleaning services. Our team is doing their best to keep BBS running without interruption and working hard to provide a safe environment to our customers and employees.

BBS is dedicated to keeping our team members, our families, and the community we serve safe. We will keep monitoring this ever-evolving situation and share with you any new developments or updates.

Should you need us during this time; please Keep Calm & Call Brouwer Brothers at 708.396.1444. You can also visit our website to schedule online. We are open 24/7 and are here to help provide the best services possible.

***Thank you, and please stay safe & healthy***
